

# Jelena Bugarin

DATA ANALYST | MAG. PSYCH.

📧 podatkovni-okvir

*I am a psychologist interested in data analysis, data science, and automation. Driven by curiosity and the need to understand how things are working, I am always ready to learn something new and switch things up in order to try and make stuff more efficient.*

## Experience

### USP Marketing Consultancy

October 2022 - Present

DATA ANALYST

Zagreb/Rotterdam

- automation of rewriting the old house style SPSS syntax into the new house style SPSS syntax using R and regular expressions
